

LaurelCrest Partners Inc. Closes Founders/Seed Capital Round in Wellness Growth Partners

Toronto – February 2, 2021 – LaurelCrest Partners Inc. (“LCP”) is pleased to announce that it has closed its founders/seed capital round in Wellness Growth Partners (“WGP” or the “Company”) coincident with the acquisition of PT Health Guelph. One of the principal vendors of PT Health Guelph will remain with the clinic on a contracted basis. In this way we are confident that we have put in place a team that will help create an orderly transition as we take on ownership of this clinic. It is our intention to acquire additional clinics in due course as part of a process that is already underway.

About Wellness Growth Partners

Wellness Growth Partners is a newly formed entity created by LaurelCrest Partners Inc. and Jeff Burchell for the express purpose of consolidating 4-7 physiotherapy clinics in Southern Ontario over the next 18-24 months.
